effects of early indulgences, or from virus
the system! Look at their pallid, sensitive,
ured faces and their broken-down constitu-
tifying them for the happiness of marriage
and solitude. In this horrid situation, thou-
nd death closes the scene. Let parents,

horrible life-destroying maladies, and see that

ptions, the consequence of self-abuse. This
or depraved sexual indulgence, is practised
of the most extensive and most unhealthful extent,
with unerring certainty, the following train
mptoms, unless combatted by scientific med-
viz: Yellow countenance, dark spots under
in the head, ringing in the ears, noise like
of tears and rattling of chariots, unsteadi-
ness, weakness of the limbs, confirmed vicious
lect, loss of confidence, diffidence in as-
society, fickle-of-form new acquaintances,
ngers, a dislike to form new acquaintances,
to shun society, loss of memory, hectic

, flushed cheeks, coughs, consumption, pupils
contracted and frequent passing. If relief be
, it should be applied immediately, either in person
r if that be out of the question, by his new and suc-
ul treatment by letter, which never fails of
quick and satisfactory cure. Dr. G. will give One

that he was ever guilty of the slightest impropriety during
Francisco practice.

who contemplate marriage, who are conscious
of their fearful maladies, should not forget the
fact in entrusting upon them, nor delay to
obtain relief.

remedies promptly forwarded, free from observation,

directions for use. Address Box 1957, San Francisco,
Cal., or through this agency, Wells, Fargo & Co.'s
Express. No charge of medicine will be forwarded to any part
of the Pacific coast.

All communications strictly confidential.

Caution to the Unfortunate.
Beware of the ignorant pretenders and
quacks who are flooding the country with
their cards, posters, circulars, &c., &c., purporting
to be written by noted physicians, and
purporting to be recommended by the leading
physicians of San Francisco, and by the
Medical Institutes in the East, but you will find
that no such physicians or institutes exist. Look at the Directory
of San Francisco Directory and you will find
that no such physicians or institutes exist. Look at the Directory
of 1865-6, and you will find that no such physicians or institutes exist. Look at the Directory
of 1866-7, the only way to avoid imposition is to
apply—it will cost you nothing, and may save
you much pain, for, as advertising physicians in eight
cases out of ten are born, there is no safety in trusting
them until you know who and what they are.
This does not deceive people by exhibiting bogus
certificates, pretended patients' letters, etc. Dr.
Gibbon personally conducts the business of his offices of
which disease that he proposes to cure.

The New Senator for California.

The Sacramento *Union* in its issue of the 14th inst. has the subjoined remarks on A. A. Sargent who had just received the nomination in Republican caucus for United States Senator. The *Union* has a habit of commending none but good men:

The agony of hope suspended is over, and the Senatorial nomination has fallen to A. A. Sargent, by a vote which should, under ordinary circumstances, be accepted as a very high compliment. On the first ballot he received within one of a three-fourths majority of a full caucus, not a Republican member of either house of the Legislature being absent. The choice has fallen upon a man of great tact, industry and intelligence. As a member of the popular branch of Congress Sargent has never had an equal in this State. The *Union* has supported him cordially in his general conduct as a Representative, with full faith in his honesty and sincerity; and it is our earnest hope that as a Senator he may give as little cause for severity of criticism. In that case he will find no better friend than this paper. No man ever entered the Senate from this State with a greater share of public confidence—aside from anything the politicians and cliques may know or say—than Sargent, and should he now fail to meet the popular expectations, the disappointment will be correspondingly provoking. We trust he will not fail, but setting to one side all the aspirations and ambitious schemes of such as may wish to promote their own ends by pinning their broken fortunes to a strong man with a reputation to guard, take care to serve the State and people of California alone. If Sargent will take this course he will find himself warmly sustained by every decent Republican and independent journal in the State, and he will derive additional strength when the fact becomes generally known that he can't be used by political castaways or intimidated by wealthy corporations. No man better knows what California needs in the way of Congressional legislation than Sargent. No man better understands the official abuses which have been practiced here by Federal appointees! Let him set himself to work for the reform of these abuses, and he will attach the people to his cause as they have never yet been attached to any United States Senator from California.

Greek Democracy.

The *Westminster Review* remarks with admiration and surprise the increasing importance attached to the study of Greek history. The shallow utilitarianism, which would banish the ancient classics from the curriculum of education, and thus debar the modern mind from acquaintanceship with the splendid models of manhood which they hold forth, represents no leading tendency of scientific thought; nor has it been able, as yet, to make any serious impression upon the popular mind. It is a healthful sign of the times to note that all of the activities of the heart and brain are not absorbed in money-making, nor in the superficial study of more passing phenomena. There are minds reaching back to first principles—minds whose beneficent function is to rectify the aberration of human progress by constantly recalling its point of departure and its true aim. Such as these find, in ancient Greek civilization, an inexhaustible fund of edifying thought, and auditors from the busy world around them to appreciate their lessons.

The study of Greek history has been fostered amid the monarchical institutions of Europe, but it should be cherished with still higher reverence, and pursued with still more enthusiastic zeal, by the Democracy of the New World. Our youthful historic muse has not yet grappled with antiquity. Our Prescotts and Macdeys are still unwinding the tangled threads of medieval revelations, and tracing the proximate causes from which have sprung the wonderful developments of our modern free civilization. Another generation of American writers may be required in order to reach the genial fountains of the classic ages. But while our young national mind is thus absorbed in its preliminary studies, we are cheered with notes of progress from across the Atlantic. That crabbed old Tory, Mitford, in his many volumed political pamphlet, long palmed off upon the public for historic truth a false, distorted view of Greek Democracy, and a villainous caricature of Demosthenes, its noblest leader and embodiment. This gross libel, partially refuted by the scholarly Thirlwall, was finally exploded by the masterly pen of Grote. And now Dr. Curtius of Germany, the land of classic learning, confirms the conclusions of Grote, and assures our faith in humanity and in progressive democracy by writing a history of Greece as remarkable for constructive synthesis as Grote's is for analytical criticism. Dr. Curtius presents the grandeur and glory of Athens in the zenith and pride of her free democracy, with a graphic pictorial skill which enables the imagination to grasp the whole. Grote could elaborate the separate elements of the picture, but Curtius has transferred them to the canvas in one magnificent tableau. This work comes at a critical period in European affairs, and cannot fail to greatly stimulate the democratic movement. Meanwhile, Americans will find in it a cheering confirmation and vindication of our theories of self-government.

Brigham's Whereabouts.

[From the San Francisco Call.]

As Brigham Young failed to put in an appearance at Court on the 4th instant, when his case was called, a good deal of speculation is rife as to where he has concealed himself. It is well known that he departed southward some time ago with a retinue and armed escort, under several plausible pretences, affirming that he would be back in time to confront his prosecutors. He has failed to keep his promise, and the question is, what next? Perhaps the authorities will deem it prudent to act on the Dogberry plan—"let him show himself what he is by stealing out of their company," believing that the less they meddle with such men, "will be the better for their honesty." Without the aid of Brigham's presence and guiding counsel, Mormonism would soon fall into decay. The entering wedge to effect its disintegration has already been driven in, by the attempt of the Government to suppress polygamy. That feature of the system, more than any other, has been the bulwark of the Church. If it be removed, it is probable the whole edifice will fall to pieces. In referring to the non-appearance of Brigham in Court, the Salt Lake *Review* says it is reported on good authority that he has chosen for his hiding place a secluded gorge in the mountains, in the southwestern corner of Utah, within a radius of fifty miles of St. George. His retreat is thought to be so securely hidden that it is impossible for the United States authorities to find him, and he is so carefully guarded that, even in the event of discovery, it would be difficult to effect a capture without the aid of a large force of armed men. The citizens of Kanab and St. George are themselves ignorant of the Prophet's whereabouts, and it is asserted that only a few prominent leaders of the Church are apprised of his movements.

The Czar of all the Russias sees beyond his nose. In the extensive system of railways he is now building, he means guage different from that of any adjoining country. He doesn't mean to have Prussia running up to the walls of St. Petersburg on her own locomotives, as she did to those of Paris.

There is soon to be held a Woman's Suffrage Bazaar in Boston. Donations having been solicited, one kind man has sent a cooking stove, and another a sewing machine. Can it be that a little sly satire was concealed in these peculiar gifts?

OREGON.

The November term of the Circuit Court in Jackson county cost $4,255 17.

Stage time from Oakland to Eugene is now about two miles an hour. The road was never so bad.

The poet Whittier has written to Mrs. Bell Cooke of Salem, a complimentary letter on receipt of her volume of poems.

George Trimble has been held to answer at Jacksonville on a charge for perjury, in the sum of $500. The matter has a connection with the Pay Rolls affair.

The *Statesman* says that J. D. Folts, who wrote the letter to the Jasper (Iowa) *Republican*, is clerk in a store at Salem. It is to be hoped that he feels better now.

The *Statesman* says that the information relative to the indictments against May got into circulation through Grover himself. Copies were furnished him by the Clerk at the request of Judge Boise. Now let the *Herald* "go for" the leaky, tattling Governor.

It has been asserted that there are 50,000 bushels of oats in Washington county awaiting the completion of the railroad for transportation to market. A gentleman from Hillsboro assures us that there are no oats, or scarce any, to spare in the county. Of wheat there is 50,000 or 60,000 bushels to come in.

From the Jacksonville *Times*: An Oregon curiosity—a quadroon mule—was on exhibition on Tuesday last in this place. It was sired in the extreme Southwestern Oregon, in August, 1868, and was the foal of a mule by a horse. This animal has no mane, a tail similar to that of a cow, an ass' head, and the ears of a horse, while the hair of its body is as kinky as an African's wool. We learn that the owner of the remarkable animal, Mr. J. N. Dougherty, intends taking the mule East, where he expects to dispose of it to P. T. Barnum, the museum man.

NEWS CONDENSATIONS.

President Grant, though recommending amnesty for the ex-rebel leaders, holds that some of those connected with the Ku-Klux organization should be included.

Theodore Tilton having exposed Mrs. Victoria Woodhull's virtues to the public, is now aspiring to the position of Vice with her—on the Presidential ticket.

It is asserted by those who claim to know the condition of European politics, that there are very uneasy relations between Russia and Austria, which, at any time, lend a new feature of danger to the peace of Europe.

The South Carolina Legislature is addressing itself mainly to the inauguration of measures of retrenchment and reform in the management of the State finances. The clamor for repudiation has subsided, its impracticability being generally conceded.

The French administration is as mad as if the gods had made up their minds to destroy it. The other day Cremieux, one of the Communists of Marseilles, was taken out of prison and shot, crying "Vive la Republique." Mr. Thiers is certainly old enough to know better.

The leading organ of the Maryland Democracy, the *Baltimore Gazette*, is not in favor of the passive policy, or easy of its modification. It says "there is nothing more demoralizing than to desert principle for expediency. We have had proof of that in the Vallandigham New Departure, and of which the New York *World* was the foster father. Are we to be tricked again into a similar delusion?"

Gen. Butler announced the other day, while traveling on a Sound steamer, that he favored Speaker Blaine for the Republican nomination for the Vice Presidency, and meant to do all that he could to help him. The report of this sudden change from hostility to affection, on the part of the late candidate for Governor of Massachusetts, toward his old enemy, the Speaker, causes much merriment among the politicians.

The Albany (N. Y.) *Evening Journal* says, "If it were possible to make a knave out of an honest man by simple lying, there would be more knaves than honest men in every community. The last lie is that John A. Griswold bought a house in Washington for Schenck, to compensate him for his late labors. So persistent was this lie that Mr. Griswold had to undergo the mortification of either denying it or of having some fools believe it. He chose the former alternative."

The Democracy.

NO NEW PARTY.

[From the Columbus Statesman.]

While there is hardly a proposition set forth in the Schurz platform that does not meet the earnest approval of the great mass of the Democratic party, yet we have no idea they will consent to an abandonment of their organization at the outset of the Presidential canvass and go to work to form a new party. It is too much like swapping horses while in the stream. Unless under the impetus of some mighty political revolution, like that of 1854 or 1861, a new party could not be organized next year, as Mr. Schurz proposes, in time to do any effective work at the fall elections. The result would then be a demoralization of the opposition to Grant, the November election would go by default, and his majority would exceed the hopes of his most sanguine henchmen. We believe a majority of the people are opposed to Gen. Grant's re-election, and are equally agreed in their support of three or four political propositions that embody about all there is of vital importance at this time to the preservation of constitutional liberty, the inauguration of honesty in the public service, and common sense and fair dealing in the Federal revenue system.

A PROTEST AGAINST PASSIVISM.

[From the Boston Post.]

It is not progress and growth for the party which is the inspiring motive of the passive proposition, so much as it is a gambling fondness for change, a trafficking attachment to both the party and its great principles, and a timid and confused calculation of chances that pays far more regard to the personal profit than the popular advantage. Any politician of ordinary penetration must understand that a negative position for a great party is sure disintegration and death. Defeat outright would not bring on the catastrophe so suddenly. It would be a general disbanding without the usual condition of external compulsion. Whether weakness or treachery, folly, judgment or cool design, the result would be no less thorough and complete. Genuine, progressive Democrats, determined on an expansion of the party doctrines and methods to the utmost limits of liberalism, but resolved to protect their faith as their only footing in the general confusion, honestly believe that the liberal element of Republicanism can be brought into co-operative position without making this confession that they must bidd their principles in order to vindicate them. Supposing the proposed scheme of passivism to be possible of success it would still remain to be shown in what way the Democratic party has been liberalized or what new guarantee of its operation in the Government it will have received. To win a triumph for a cause by refusing to mention the cause, is so idle as a proposition as not to make it necessary to attempt it as an experiment.

"BROKEN HEADS."

[From The Davenport (Iowa) Gazette.]

The November elections seem to have knocked out of the Democracy what little sense or consistency they had left. If things go on in this way much longer, the Democratic camp will be full of broken heads of their own making. The "Passivists" grow vehement in defense of their line of policy. They thought they were right after the October elections, but now they are sure of it. "There is no hope of success with a Democratic candidate. Let us stand back. The Republicans will nominate Grant, who has strong enemies in his own ranks, and if we remain quiet, a Conservative Republican will be put in the field, whom we can elect."

NO CAUSE FOR ALARM.

[From the

The Daily Oregonian.

FRIDAY MORNING, DEC. 22, 1871.

The Presidency in 1872.

During the present year elections have been held in the States named below. To each of them we append the electoral vote, under the old apportionment, and classify them according to the majority recorded in each on the popular vote:

Republican.		*Democratic.*	
Connecticut	6	New Hampshire	5
Massachusetts	12	New Jersey	7
Rhode Island	4	Maryland	7
New York	33	Virginia	10
Pennsylvania	26	Kentucky	11
North Carolina	9	Texas	6
Ohio	21	West Virginia	5
Mississippi	7		
Illinois	16		
Maine	7		
Arkansas	5		
Wisconsin	8		
Iowa	8		
California	5		
Minnesota	4		
Total	171	Total	51

Under the new apportionment, which has just been announced, the number of Representatives in Congress will be 283, and the number of electoral votes next year will be 357. Of this number 173 will be necessary to a choice. A classification under the new apportionment, on the basis of the recent elections, indicates this result next year:

Republican.		*Democratic.*	
Maine	7	New Jersey	9
New Hampshire	4	Delaware	3
Vermont	5	Maryland	9
Massachusetts	13	Virginia	11
Connecticut	6	West Virginia	5
Rhode Island	3	Georgia	11
New York	41	Kentucky	12
Pennsylvania	28		
Ohio	22		
Indiana	15	Total	70
Illinois	21		
Michigan	11	*Doubtful.*	
Wisconsin	10	Missouri	15
Minnesota	5	Arkansas	6
Iowa	8	Alabama	9
Nebraska	3	Nevada	3
Kansas	5	Texas	8
California	6	North Carolina	10
Mississippi	7	Oregon	3
South Carolina	7	Louisiana	7
Florida	3		
Total	226	Total	94

We have placed New Jersey in the Democratic column, and have ranged Oregon, Nevada, Arkansas and Louisiana as doubtful, though all of those States are more likely to go Republican than Democratic. It will indicate how utterly hopeless the Democratic cause is, when it is observed that that party might take every State marked as Democratic or doubtful, add New York to the list, and still lack 22 votes of a majority in the electoral college. There has not been for twenty-five years so hopeless a show of opposition to a party in power.

Postal Statistics.

In the report of the Postmaster General, accompanying the President's message, many important statistics relative to our postal service are presented. It appears that the revenues of the Department for the fiscal year ending June 30, 1871, were $29,037,045; expenditures during the same period, $24,300,837, leaving a deficiency of $4,253,792. The increase of revenue over the previous year was $1,157,667; increase of expenditure, $1,041,276, showing a net increase of revenue of $116,401.

The increase in the issue of stamps, stamped envelopes and newspaper wrappers is $2,173,769. The losses of post-office stamps and stamped envelopes, in the mails, during the year, was only $309.70, being much less than the loss from the same source during previous years.

There were in the service of the department at the close of the fiscal year 7,286 contractors for the transportation of the mails. There were 8,951 mail routes, aggregating in length 238,359 miles. Of these 49,834 miles were by railroad; 20,334 miles were by steamboat. The cost by railroad was $10 38 per mile; by steamboat $16 58 per mile. New railroad routes put in operation during the year, 6,107. The increase in length of railroad route in three years is over 38 per cent.

The Postmaster General awards high praise to the management of the mail service on the Pacific Railroad. Of 644 mails carried through from New York to San Francisco, during the year ending with the month of September last, 569 were conveyed in schedule time, and only 75 being behind time. The average time going west, during the year, from New York to San Francisco, was 173 hours, or 7 days and 5 hours, or 3 hours less than the average time of the preceding year.

It is complained that many difficulties are encountered in the effort to secure rapid transmission of the mails, particularly those containing newspapers sent to the South and West, owing to the refusal of the railways to allow the use of their fastest trains and most commodious cars. In view of these facts, it is recommended that the act of the 3d of March, 1845, be so amended as to allow a fair and reasonable increase of compensation of railroad companies, on condition that they will guarantee the prompt and faithful performance of their duties in this regard.

The cost of United States transatlantic mail steamship service for the year was $174,138, being $148,153 less than the cost of the same service of the previous year. An increase of service between New York and Rio Janeiro from monthly to semi-monthly trips, is recommended. Also sustaining the steamship line between San Francisco and the Australian colonies. The report also urges the importance of legislation to encourage the establishment of American Mail Steamship lines, and declares the subject one of paramount importance to the material interests of the country, and one that should receive the most thorough and careful attention of Congress.

The burnt district of Wisconsin has recently been visited by Capt. A. J. Longworth, agent of the Milwaukee Relief Society. In traveling over the blackened wilderness he gathered many interesting accounts of the great tornado of fire. The people who are left to tell the dreadful tale of that terrible night of the 8th, believed with one accord that the Seventh Seal was opened and the contents of wrath were being scattered over the fated land. An idea of the great heat may be imagined from the fact that in the potato field at Williamsville, where fifty-nine dead bodies were found, the potatoes were roasted near the surface of the ground, and some six inches under the ground were partially roasted. Remains of domestic animals of all kinds, and deer, wolves and bears, are scattered over the district.

About four years ago one Dr. Robinson was assassinated in the night at Salt Lake City by Mormons, who called him out on pretense that they needed his professional services. He laid claim in the Courts to a valuable property that was coveted by some of the Mormon leaders, and that is the supposed cause of his assassination. A clew to the assassins has been discovered, and they have been indicted and locked up for trial.

The Chicago Relief Committee continues its operations without abatement of energy. During the week ending Dec. 3d, 14,533 families, or between 60,000 and 70,000 persons were aided by the Committee.

EASTERN DATES TO DEC. 17.

Parade of the Internationals.

NEW YORK, Dec. 17.—The parade of the Internationals to-day proved a success. A large number of spectators were attracted to the vicinity of the Cooper Institute where the procession formed about 2:30 P. M. Hawkins' band played, leading the column. The band was followed by a platoon of the Skidmore Guards (colored). Next came Messrs. Banks and Fleuroaux, and then a number of women on foot, among them Tennie C. Claflin and Mrs. Woodhull, the former carrying a red flag inscribed: "I am for political equality for both sexes." Then came the Cuban League and another crowd of females and some males, the latter flanking three coffins and drawn by six horses, and Dorcone and Megy. The latter was in command at Fort Issy. The French Legion, the printers' Union, the brick-layers' Union, and the cabinet makers' Union brought up the rear. Among the nobilities in the procession were Gefforal Ryan, the Cuban patriot; Van Rosso and Mrs. Frances Rose McKinley. There was a profusion of red flags, banners, rosettes and scarfs. The banner captured by the police last Sunday was one of the most noticeable. It bore this inscription: "The Commune expands as the axe of the executioner falls upon the necks of its martyrs." On another banner were the words, "In our country to do good is our religion; another, "And they had all things in common." The line of the procession was down the Bowery to Great Jones street to Broadway, across Broadway to Waverly place to Fifth avenue, up Fifth avenue to Thirty-fourth street to Sixth avenue, and down to Fourteenth street to the Lincoln Monument on Union Square, around which the procession marched and there dispersed. The best order prevailed throughout.

Tammany Thieves.

NEW YORK, Dec. 17.—The statement that Tweed is to be arrested on each of the 21 indictments found against him, is confirmed. It is reported that Jas. H. Ingersoll left yesterday for Europe, in the steamer *Rhein*, and that Jas. M. Sweeney, Hugh Smith, and several other Ringmen are at Toronto.

Boiler Explosion—Loss of Life.

CHICAGO, Dec. 17.—A boiler at Wahle glue factory, on Archer Avenue, exploded this afternoon, killing two of the employes and shattering a portion of the building. The boiler is new, and the cause of explosion is unknown.

Suicide of a Chicago Sufferer.

Chas. Mariat, who was burned out by the great fire, suicided to-day, by shooting himself in the head with his pistol. His wife, who was sick in an adjoining room, hearing the report rushed from her bed and finding her husband dead became a raving maniac. Despondency caused by loss and inability to procure employment, was the cause of the act.

Shipwrecks.

NEW YORK, Dec. 17.—The ship *Tantalion Castle*, from Calcutta, has arrived, with the Captain and eight men from the bark *May Stinson*, from New York for Aspinwall, abandoned in a sinking condition. The bark *Colorado Belle*, from Glasgow, rescued, Nov. 1st, the crew, numbering sixteen, of the British ship *Rover Dee*, who were subsequently transferred to an European bound vessel.

Extensive Robbery.

John Edsell, of Ridgefield, N. J., was robbed on Thursday night of bonds, money and notes, valued at $100,000. The burglars chloroformed him, who, though eighty years of age, is a resolute man and always slept with a pistol under his pillow.

Reading of the Bible Denounced.

At the St. Stephens Roman Catholic Church, to-day, Rev. D. D. McFlynn denounced the reading of the Bible in the public schools, and declared it contradictory to the Constitution.

WASHINGTON CITY.

The Last of Catacazy.

NEW YORK, Dec. 17.—A Washington special says that official advices are received that Prince Gortschakoff has ordered Catacazy to leave America after accompanying the Grand Duke as far as St. Louis, and the Legation replaced in charge of Baron Dancas, until the arrival of a Charge d' Affairs, who will leave at once.

A report was presented to the South Carolina House of Representatives last Thursday by the Committee of Investigation, headed by C. C. Bowen, to the effect that the State had been defrauded by an over issue of $631,400, and requests the House to take the necessary steps to hold accountable those persons who violated the law and injured the credit of the State.

Miscellaneous Washington News.

WASHINGTON, Dec. 17.—The wool crop of the United States for the year ending June, 1870, according to the census returns, amounts to 101,284,078 pounds, including 4,792,964 pounds from the Northwestern States.

The United States and Spanish Commission have not yet decided any cases, and but few are presented owing to the delay in taking evidence in Cuba.

Caleb Cushing is still here, and does not expect to go to Geneva for some months.

Many Congressmen left on Wednesday for home to spend the holidays, and a quorum is not expected on Thursday. All important matters, the consideration of the tariff and the question of Cuba included, go over till after the recess.

A private letter from San Domingo says the two years' lease of the bay of Semana having expired, the United States flag has been hauled down.

MEXICO.

Progress of the Revolution.

CITY OF MEXICO VIA HAVANA, Dec. 17.—The revolution continues to spread. The States of Oaxaca, Mivo, Leon, Sonora, Durango, and Scanatacas are in the power of the Revolutionists, and pronunciamentos are prevailing in San Luis, Vera Cruz and Puebla.

President Juarez opened the session of Congress on the 1st instant with a remarkable speech on the situation. He said the country appeared to be injuring itself in unfruitful struggles, and that militarism again oppose the standard of legality, and brings back the time when a revolution signified a change of individual power. He counts upon the aid of Congress to suppress the seditious movement.

The Speaker of Congress replied that Congress trusts that peace will soon be re-established, and that the Republic is satisfied with the re election of Juarez, excepting the States of Mevo, Leon and Oaxaca, where the bandits who are robbing all classes, conduct the disturbances.

Juarez has closed the port of San Angel and Salinas. He maintains a fearless attitude and speaks confidently of crushing the rebellion.

Pronunciamentos are declared in the States of Guanaxuato and Mexico.

It is rumored that Escobedo has pronounced in favor of Lerado. It is also rumored that Juarez will resign after the suppression of the revolution. It is stated that an attempt has been made to poison Diaz, which the Mexican and American authorities are investigating.

NEW YORK, Dec. 17.—The revolution in Mexico is probably a failure. Only two States have risen, and there is no popular excitement. Diaz is a fugitive through Oaxaca, pursued by Rocha and Olatora. An address postpones the opening of Magdalena Bay. A large Protestant Church has recently been opened.

BY ATLANTIC CABLE.

English News.

NEW YORK, Dec. 17.—A cable special says that English merchants, when the illness of the Prince of Wales was alarming, bought the entire stock of black gloves, black artificial flowers, and jet ornaments in Paris.

The London agents of the International Society, report that the French army is composed of Republicans and Imperialists, and the latter are much the strongest in numbers.

The English Home Secretary is likely to ask Parliament to give him authority to expel Carl Marax from the United Kingdom. Marax's residence is placed under the watch of the police.

LONDON, Dec. 17.—An official bulletin from Sandringham at 8 o'clock this morning, announced that the Prince had passed a quiet night, and was satisfactorily progressing toward recovery. A bulletin issued later in the afternoon reports that the Prince has had a tranquil day.

The *Observer* says Parliament will meet on the second week in February.

The Committee on the re-organization of the army has agreed to exempt from continued military service all Ecclesiastics and the heads of commercial establishments.

BY STATE TELEGRAPH.

Stabbing Affray at Oakland.

OAKLAND, Oregon, Dec. 21.—This evening about 8 o'clock, James Weaver stabbed Julius Cardwell, generally known as "Chalkline." One of the wounds in the region of the heart it is thought will prove mortal. He has also a dangerous wounding in the back and a very deep cut in the leg above the knee. The trouble originated over a game of check-muck. Weaver is not yet arrested.

Call to the State Committee.

A call to the Republican State Committee to meet at Salem on the 1st of February, appears in the OREGONIAN to-day. This is the first move on the part of the Republicans preparatory to a contest which, if rightly conducted, will result in a triumph next June. Republicans of Oregon will go into this contest with more confidence than they have had for several years. Beyond doubt, the same causes that have weakened the Democratic party in other States, (proof of which was furnished by recent elections), are operating here. A party which totally lacks positive ideas and consistent purposes, must find its discipline relax, and its efforts lose their directness and force. A party, on the other hand, that knows what it is contending for and has positive aims, will naturally summon up its courage and make its best effort. The time appointed for the meeting of the Committee appears to be favorably chosen; no doubt by the 1st February the weather will be so improved as to permit a full attendance. Members will appreciate the importance of being present.

The California Senator.

The vote for Senator in the Republican caucus at Sacramento last week stood thus: For Sargent, 54; for Colo, 13; for Felton, 3; for Phelps, 1; for Estee, 1. Sargent's vote was just three-fourths of the whole. The *Union* has the following paragraph, showing how the candidates felt about the result:

Sargent, Colo, and Felton were serenaded at their headquarters, on Second street, about 1 o'clock this morning, by the Union Band. Sargent returned thanks very nicely for his success in the fight for the Senatorship, and took occasion to compliment Sacramento and tender to her citizens his regards. Colo was a trifle bitter, among other remarks hobstated that he had first obtained his position by the vote of the workingman, and by him he had always proposed to stick. He would retire from office feeling that a great load had been removed from his shoulders. Felton was humorous and pertinent, acknowledging his defeat philosophically, but intimating very clearly that he didn't feel soured toward the Republican party in the slightest.

The *New Northwest* thinks that the OREGONIAN "perpetrated a gross outrage on common decency" by publishing a part of Woodhull's recent free-love lecture. It is only a little while since we were taken to task by that paper for saying that Woodhull was a bad woman. We thought it best to give her a chance to speak for herself, so that neither the *Northwest* nor anybody else in Oregon would ever utter another word in her behalf, or censure us for having said that she was impure, and that her doctrines were abominable.

A respected citizen, an honest officer and a true man, was, a few days ago, called away from our midst by death. It is gratifying to observe that public prints which had been falsely and maliciously denouncing him, with others, for alleged improper transactions, now have the decency to confess by their eulogies of him that their accusations were false and calumnious. Though in truth, from such sheets neither praise nor blame is of much consequence.

Those humbug politicians known as "National Labor Reformers," have fallen out with each other and are ont in rival conventions. One of these was at session in Washington a fortnight since, and the other is called for the third Wednesday in February, at Columbus, Ohio.

A few days ago a man named Henry, seven miles south of Hillsboro, shot himself accidentally. Almost instant death was the result.

FOREIGN NOTES.

The London *Athenæum* says that the memoirs of Talleyrand are at last to be given to the world. They were long withheld, from fear lest the revelations they contain, damaging to the First Empire, might lead to their seizure by the Second.

The London branch of the United States Loan Syndicate appears to have closed up its arrangements very satisfactorily. The subscribers to the new Fives have honored their subscriptions, and the amount of "called" Five Twenties coming from European holders is found to just about balance the subscriptions to the new loan, so that not a dollar of cash passes between here and Europe in adjusting this large operation.

On Nov. 18th, died Major-General Everard William Bouverie, of Delapre Abbey, near Northampton, in his eighty-third year. He was the eldest son of the late Mr. Edward Bouverie, by Catharine, daughter and heir of Mr. W. Castle, and great grandson of the first Viscount Folkestone, ancestor of the Earl of Radnor. He was born in 1789, and was educated at Harrow and St. John's College, Cambridge. In 1812 he entered the army, and was present in the memorable fight of Waterloo, where he was wounded. In 1840 he was appointed Equerry to the Prince Consort, and Equerry to the Queen in 1853. He became a Major General in 1855, and Lieutenant-General in 1860. In 1858 he succeeded to the Delapre estates. He also held the Colonelcy of the Fifteenth Hussars. The General had been ailing for some years past, and during the last three years was confined to his room.

Our Naval Force in Asian Waters

The annexed is from a Washington telegram, December 3d, to the New York *Herald*:

This is an additional matter of anxiety with the administration. Existing affairs in other parts of the East than Corea, though not of an impending character, are far from satisfactory, and will not be so until the United States, in conjunction with the other Western Powers, are prepared to make and constantly maintain a respectable display of naval forces.

Official and commercial letters from that part of the world reach here all pitched in the same key, that is that more vessels are needed, more ports should be visited and that the naval visitations should be more frequent and regular. The importance of this fact, the writers complain, is not sufficiently recognized at home, and Congress certainly does not appreciate it. The semi-barbaric people of the Continent and islands of Asia invariably guage the power and fix their own dread of the European and American States by the size and activity of their naval squadrons, and it was the knowledge of this circumstance that induced the French and German admirals at the solicitation of the American commander to neutralize their fleets during the late European war, and act together for the common protection of European lives and commerce within the limits of their cruising grounds. The Navy Department is exhibiting real energy in meeting the present exigency, as well as it can be met, and the navy officers are rejoiced at the prospect of any service that the country is likely to appreciate after a forced inactivity of five or six years. It both hoped and believed that the late sea breeze from Cuba was blowing strong enough to reach Congress and stir up the Representatives to a sense of their duty towards the fast declining navy.

Meeting of the Republican State Central Committee.

There will be a meeting of the Republican State Central Committee of Oregon, at Salem on the 1st day of February, 1872, for the purpose of fixing the time and place of holding the next State Convention, and transacting other business. The personal attendance of each member of the Committee is requested.

Failure of many of the most eminent physicians of San Francisco to cure a case of Rheumatism.—Triumph of the Unk Weed Remedy.

SAN JOSE, August 25, 1871.

DR. A. M. LOPES & Co.: This is to certify that I, the undersigned, have been sick for five years with Rheumatism, and have been treated for many ailments. My trouble has been wholly in the back and side, and wondering police all over my body. I have been treated by many of the most eminent physicians of San Francisco, as well as of this city, but without any effect. At last I was induced to try your UNK WEED REMEDY, and the result was that after taking the contents of two bottles I found myself perfectly cured. To all afflicted with Rheumatism, I say try THE UNK WEED REMEDY, and you will be cured. Yours truly, JAMES AHERN, San Jose.

FRIDAY MORNING, DEC. 22, 1871.

CITY.

LOSS OF THE U. S. GRANT.—The *Dixie Thompson*, which arrived last night from Astoria, brought the news of the total loss of the propeller *U.S. Grant* at Cape. Disappointment on Tuesday morning. The *Grant* was a small steamer plying between Astoria, Fort Stevens and Cape Disappointment. About three o'clock on the morning of the 19th instant she was lying alongside of the wharf at the Cape, securely fastened, it was supposed, by the means of four heavy hawsers and an anchor chain. Such, was the violence of the storm that she parted all these fastenings and was driven ashore, where she went to pieces in a very short time. Captain Grey and one of the deck hands were the only persons on board at the time. After every effort on their part to save the craft had failed, they succeeded in launching a small boat from the drifting steamer, and with this endeavored to make the shore, but were prevented by the high wind and heavy surf which was breaking over the beach. After remaining in the open boat until daylight they were finally rescued nearly frozen to death. It is thought that the machinery may be recovered, but outside of this the loss will prove a total loss. The *Grant* was built at Astoria, and belonged to Captain Gray.

TEMPERANCE FESTIVAL.—This Friday evening, the Good Templars of Multnomah Lodge, propose giving another festival and fair, similar to the one held last month. We were present on that occasion, and must say we enjoyed ourselves *hugely*." The managers promise that this occasion will be an improvement upon the last, and should this be so, we advise every one to go. Their hall is profusely decorated with shrubbery, mottoes, &c., and this, in addition to the attractive articles offered for sale, by the more attractive ladies who will present them, should be enough to draw every one who has an hour or two to throw away or a dollar to spend. The managers of the Multnomah College have generously allowed their telegraph wires and instruments to be used on this occasion, affording visitors an opportunity of sending Christmas congratulations to their friends at a distance. The price of admission is only 25 cents; a paltry sum truly, for a few hours innocent enjoyment.

G. A. R. BALL.—We happened in at Armory Hall last evening, where we found the Committee of Arrangements, assisted by several young ladies, engaged in putting the finishing touches upon the ornamentation of the hall. The arrangement is both striking and elegant. The insignia of the order of the Grand Army of the Republic are profusely displayed, and flags, wreaths, festoons, mottoes, pictures, etc., are seen everywhere. It has been long since the hall was more beautifully arranged for any public occasion. The Committee of Arrangements request us to say that parties desiring to attend, who have not already secured tickets, may get them to-day of any member of the order, or at the door this evening. The musical cilo will open at 8 o'clock.

SHERIFF APPOINTED.—At a special meeting of the County Court, held yesterday afternoon, Geo. V. James was appointed Sheriff, *vice* Cincinnatus Bills, deceased. Mr. James, we understand, will hold the office in trust for the widow and children of the late Sheriff, paying over to them the emoluments of the office. Mr. J. was notified to appear before the County Commissioners this afternoon and file his bond and take the oath of office.

SCHOOL REPORT.—The following is the report of the High School—John W. Johnson, Principal, and Miss M. A. Hodgson, Assistant—for the term ending December 15th: Number of boys enrolled, 50; girls, 15; total, 65; daily average, 52; average number belonging, 542; average per cent, 96.

DONATION PARTY.—Rev. H. Gans, pastor of the German Lutheran Church, was the recipient on Monday evening last of a donation and surprise party from the ladies of his congregation. The affair is spoken of as having been very pleasant and agreeable.

ICE IN THE COLUMBIA.—No connection above the Cascades was made yesterday by the *Hayward*. The steamboat *Idaho*, plying between the Dalles and Cascades, owing to ice blockading the river near the Dalles, was unable to make her usual trip.

CHRISTMAS PRESENTS.—Notwithstanding the disagreeable state of the weather yesterday, our retail dealers done a driving business, the majority of their purchasers being ladies, who were out in strong force purchasing Christmas presents.

THE IRON SHIPS.—A portion of the cargo of the barks *Allen Pease* and *Harrington*, loaded with railroad iron, will be discharged at Astoria. This is done for the purpose of reducing the draught of the vessels to fourteen feet six inches.

PAPER MAIL.—Parties who have been vainly waiting for their Eastern papers will be pleased to learn that Postmaster Wakefield expects to receive by the next steamer from San Francisco a heavy paper mail.

A WIFE BEATER.—A fellow who takes unusual delight in blacking his wife's eyes whenever she looks cross-eyed at him, was yesterday morning, in the Police Court, fined $25 and costs.

AN OLD LANDMARK GONE.—Workmen were yesterday engaged in chopping down the old oak tree at the corner of Front and C streets.

RUNAWAY.—The usual runaway, caused by a vicious driving, took place yesterday afternoon. Damage trifling, and nobody hurt.

DULL.—Yesterday was not only the shortest, but it was also the dullest we have had this year. Not a thing transpired worthy of note.

LIFE INSURANCE.—The late Sheriff Bills had an insurance policy on his life in one of the leading companies for $10,000.

UNLOADING.—The *Forest* is present discharging a portion of her cargo at Oemontville.

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND GENERAL.

(From the Advocate.)

Mr. Halsey has donated two lots at Cornelius for the benefit of the M. E. Church.

In the absence of Bro. Izer on Sabbath next, it is expected that the pulpit of the Taylor street M. E. Church, will be filled by Prof. L. L. Rogers, of Willamette University.

The past term of the Willamette University has been one of unusual prosperity in the large numbers of students present from various parts of the State and adjoining Territories.

The members of the Congregational Church will hold a festival in the Church on Christmas night, December 25th, at which several of our leading amateur musicians are to be present.

The preparations are being made with thoroughness for a good time at the Hall street M. E. Church, on Monday next at 2 o'clock P. M. Also at the Taylor street M. E. Church, for 7 o'clock P. M. the same day. The North Portland Mission School will join the Taylor street School in the exercises of that joyous occasion.

LOCAL BREVITIES.

Yesterday was the shortest day of the year.

A bachelors club is to be organized in this city.

Professor McGibeny is arranging for the production of an opera between Christmas and New-Year's.

Two thousand dollars is the amount estimated to have been spent in toys, etc., during the last few days.

Arrangements have been perfected whereby a daily mail will be delivered at Barlow Postoffice, Clackamas county.

In case of a freeze up the Oregon Steam Navigation Company will forward overland the mails now carried by them by boat.

The city prisoners are employed in cleaning the sidewalks around the city parks. Why not put them at work cleaning the street crossings?

A contemporary, who prides himself upon his mathematical education, after studying the school reports, deliberately asserts that the total number of children attending the public schools in this city is 1,074.

THE COURTS.

CIRCUIT COURT—UPTON, JUDGE.

TUESDAY, Dec. 21, 1871.

H. G. Day vs Irvin Burk et al. Verdict for defendant.

City of Portland vs Joseph Knott. Jury empaneled.

EAST PORTLAND.

(From the Democratic Era.)

The M. E. Sunday School of this city will have a Christmas tree and concert at the Odd Fellows' Hall, Monday evening, December 25th, commencing at 7 o'clock.

At a regular communication of Washington Lodge No. 46, A. F. & A. M., held at their hall in East Portland, December 20th, 1871, the following officers were elected for the ensuing Masonic year: E. W. Pratt, W. M.; G. W. Smith, S. W.; E. Wishard, J. W.; J. S. M. Vancleave, Treasurer; J. A. Newell, Secretary; A. E. Johnson, S. D.; W. H. Moore, J. D.; J. L. Shute, Tyler.

The Trustees' report for the quarter ending November 30th, 1871, shows receipt for street improvements to amount to $24,814 83, and disbursements for the same, $24,088 21. Perhaps no city in the State can be mentioned where the citizens are equally as prompt in paying up as those of East Portland. The sum mentioned as received is very large for a place no larger than our city, and credit should be given now it is due.

AMUSEMENTS.

ORO FINO THEATER.—Purdy & Vincent's Minstrels still continue the attraction at this place of amusement. A matinee will be given Saturday afternoon, when an entire change of programme will be presented.

SKATING RINK.—Miss Carrie Moore will be the recipient of a benefit on Saturday evening, upon which occasion she will introduce, in addition to the velocipede exhibitions, the celebrated Zouave drill on skates.

BUSINESS NOTICE.

WIRE ROPE.—The attention of the trade is directed to the advertisement of A. S. Halladie, 519 Front street, San Francisco.

CHRISTMAS PRESENTS.—E. Caballo advertises in another column that he is prepared to furnish boots and shoes during the holidays at cost.

Go to H. W. Monastes' crockery store on First street, between Morrison and Yamhill, and see the large assortment of fancy goods for holiday presents, just received per steamer *Ajax*.

MESSRS. Russell, Ferry & Woodward advertise that they have for sale valuable wharf property, comprising about one thousand feet of river frontage, including wharf and warehouse, together with property adjoining, amounting in all to fifty-two lots.

CHRISTMAS TURKEYS.—Quinn, on Washington street, has on sale the largest, fattest and finest lot of turkeys, geese, ducks and chickens to be found in Portland. Leave orders early—delivered to all parts of the city.

J. QUINN, Proprietor.

On Tuesday last there arrived in this city by the Oregon and California Railroad two men from Long Tom who had come all the way here to purchase suits of clothing from J. O'Neil & Co. They had been reading the OREGONIAN, and found that O'Neil & Co. were selling goods cheap, consequently they journeyed hitherward. O'Neil & Co. supplied them with the star shirt, under clothes, neck-ties and other articles, the parties being satisfied that O'Neil & Co. did the handsome thing with their customers. Go then and do likewise, at O'Neil & Co.'s, 55 First street.

In the New York *Herald* we observe an advertisement to the effect that a whole Funeral can be had for $25. Well, that is decidedly cheap, but think of selling suits of clothing at $18. It is done every day at Rohr & Fishel's, 91 Front street, where they not only sell suits cheap, but it is so in everything they offer to the public.

STYLES JUST RECEIVED.—Silk Parlor Furniture; Easy Chairs in great variety; Bouquet Stands, Card Receivers, Wall Pockets, Finished in Gilt, Walnut, Ebony, Wax and Marquetry. Call and see the Woven Wire Mattress at BURGEEN & SHINDLER'S.

WORK of every description in the house finishing line will be done at short notice to the best of satisfaction. PAUL REHTEN.

A. S. L. Stone is closing out at cost his fancy goods, toys and willow ware, this is the best chance to buy cheap.

Lazy, mister, when is the Postoffice? Why, it is next door to S. L. Stone's cigar and tobacco store.

S. L. Stone is giving more toys and fancy goods for six bits than any house in town does for one dollar.

Everybody says S. L. Stone is selling the best bit and two bit cigars in the city.

Kris Kringle's headquarters is at S. L. Stone's, next door to the Postoffice.

OPEN IN THE EVENING.

To give every one an opportunity to examine our elegant assortment of fine holiday goods we will keep our store open in the evening during the coming week.

PARRISH & WATKINS,

REAL ESTATE DEALERS

90 Front St., bet. Washington and Alder,

PORTLAND, OREGON.

In consequence of a dissolution of copartnership of the firm of Parrish, Atkinson & Woodward, in the Real Estate business, we have opened our New Office and respectfully solicit the patronage of those who may favor us. Our past experience and promptness in business matters is well known. Special attention given to HOUSE RENTING and GENERAL COLLECTIONS.

We BUY and SELL CITY PROPERTY, COUNTRY PROPERTY, Pay Taxes, Collect Notes and Accounts, and Negotiate Loans on approved security.

Nearly twenty years residence in Oregon has made us familiar with the value of City and Country Property, together with the various locations—for any information appertaining to the Real Estate business. Parties will find it to their interest to advise with Mr. Parrish, who is the oldest established Real Estate Dealer in the city.

Strangers desiring information are requested to call upon us. We are well supplied with official Maps and other important information, which is offered to the public.

Peril and Precaution.

This is a season that tries the frame and the constitution. If there be a weak spot in either, the chilling damps, the malarious fogs, the varieties of temperature that mark the commencement of the winter season are sure to find it out. There are few systems that have not a weak spot somewhere, and the wisest thing that any man or woman can do is to fortify it by a course of Hostetter's Stomach Bitters, and thus keep the enemy at bay. In war, when a city is menaced the first thing to be done is to strengthen the ramparts. The same policy should be adopted with the human body, when its direst foe, malaria, is abroad. If the stomach is weak, this tonic will lend it vigor; if the bowels are morbidly sensitive, this alterative will regulate them; if the liver is inert, this wholesome stimulant will rouse it; if there is constipation, this aperient will cure it; if there is nervous debility, this nervine will replace it with nervous vigor; if there is impurity in the blood, this depurent will neutralize it; if there is a cloud on the spirits, this exhilarant will dispel it. These are facts that have been demonstrated every day for the last twenty years. Can as much be said for any other medicine—or rather, can as much be *proved*, for anything may be said by the unscrupulous. Do not accept any of the local bitters sometimes recommended by dealers in lieu of the Standard Restorative.

NEW YORK LIFE INSURANCE COMPANY!

PURELY MUTUAL!

ASSETS..... $7,000,000!

ISSUED 9,025 POLICIES IN 1870.

Insuring Over $27,000,000!

WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:

1st. PURE MUTUALITY, so that *the entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.

2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.

3d. STABILITY AND PERMANENCY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.

4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.

5th. SUICIDE does not cause a *forfeiture* of the policy, that being considered an evidence of insanity, and insanity the result of disease.

6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.

7th. THE DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.

8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although technically claims, are not LEGALLY so. The records of this Company bear many acknowledgments from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

FINANCE AND COMMERCE.

THURSDAY EVENING, Dec. 21, 1871.

Gold in New York, 10½.

Portland Legal Tender quotations, 93c buying, and 91c selling.

Exchange on San Francisco, ½@¾c. prem.; on New York, 1½ @c. prem. Telegraphic transfers on New York, 1½@1¾ @c. prem.

Our local finances are easier with rates of discount a shade less. Funds in the banks are increasing, and everything tends to an easier money market. The rates of discount on the street, as also at the banks, are for first-class commercial paper, 1 per cent. per month; for other kinds from 1¼ to 1½ per cent. The call for time loans has been met for the past week at 12 per cent. per annum. With the present tendency in the money market it will be to a short time difficult to place money at 12 per cent. per annum on time loans. The natural tendency of the growing case is to cause more or less inquiry for Real Estate and, with a very easy money market, to indulge in speculations which should be checked; for if not it leads to a stringent money market, with failures attending it. We do not mention this because of a speculative tendency now—for there is none—but for the purpose of reminding our merchants and capitalists to keep it in view, as it is the legitimate result of a very easy money market, as other commercial cities have from bitter experience been taught.

From a private circular of Messrs. Herman, Baker & Co., of New York, under date of Nov. 23d, we are allowed to copy the following: "In consequence of a universal rise in values of Iron, Coal, and other raw materials—as well as of a general advance in wages for labor—all German goods have enhanced in value, and we therefore beg to notify you that hereafter all orders will be filled at prices ruling on the day of shipment. At present we do not know the extent of such advance." The advances given in the circular are in Hardware from 10 to 15 per cent.; Scissors and Pocket Cutlery 5@10 per cent.; Anvils, 5 per cent. In reference to the above we will state that in the CHRONICLE of Dec. 9th we stated that the advances in New York, as received by last mail advices, was on Hardware, 10 per cent., with strong probabilities of another advance of 10 per cent. being made.

As considerable comment has been provoked regarding the probable course of the Underwriters in the case of the ship *Windward*, we will state for the benefit of those interested, that vessels when insured at all are insured for the voyage; that is, from place of sailing to destination and back again; or else insured for a certain length of time—three, six, nine or twelve months; or as long a time as agreed upon. Vessels' cargoes are always insured from place shipped to place shipped.

The *Okanogan* has the *Windward* in tow and is expected up to-morrow night. Our statement regarding the cause of the *Windward's* having to be dismasted was correct.

The bark *Rival* is at Cementville and is not expected to arrive here before Tuesday next.

The steamer *Orizimba*, from San Francisco, is due to-morrow, but, probably owing to hard winds, may not arrive until the day following.

WEEKLY MARKET REVIEW.

Produce Market.

BUTTER—Quotable, Bdls. 75@; Pionic, 75@; Butter, 75@; Jenny Lind, 1125@; Gloucestershire, 1125@; Pilot, oxtra, 60; Medium, 55@; Navy, 45@.

WHEAT—No dependence either private or public have been received of since our last review to indicate quotations in the Liverpool market. Shippers do not feel inclined to advance their offering rates and holders to accept offers under the present uncertainty attending the market without more definite information regarding the demand abroad. Even were the Liverpool quotations to come through at an advance, buyers for the English market would hardly say further purchases until numbers had been arrive, unless to ship by way of San Francisco. The amount purchased in the interior, which will come forward for shipment to San Francisco and the United Kingdom, is variously estimated at from 1,000 to 1,500,000 bbls, but from the best source at our command the amount will not vary much from 10,000 tons. The amount that is in the hands of speculators and farmers in the country is placed quite high, and from the latter class no information cannot venture to give even an estimate. The speculators and farmers now holding will hardly make sales before next spring. In absence of any transactions we can only give shipping rates, which are for whole, $2 15@2 20 per cental sacked and delivered.

FLOUR—The market for the past week has exhibited no animation, outside of a good local demand, which shows a marked increase over the same period last year, caused by the increased population of the State. The orders from Puget Sound are of such a nature as shows that our standard brands—the Standard, Commercial, Salem, Mercantile and Imperial—are the only goods in demand, but that they are gaining in favor. The dismasting of the *Windward* will not allow of the shipping of the 5,000 bbls, principally of the Salem brand, to Cuba, unless the parties who first chartered her so fix, after damages to the vessel are repaired, to recharter her, for the purpose of taking the cargo of flour, previously purchased by them. Receipts for the past week have been liberal, with shipments to San Francisco free. We quote extra of standard brands at $7 @ bbl; country brands, $6 75; superfine and outside brands $6@6 50. Graham —Nothing offering. Buckwheat, $7@8 @ bbl.

OATS—The demand for home consumption has been fair, which with light stocks and still lighter receipts has caused the market to rule firm. The ship *Windward* with 1,000 centals for this market, will probably be up towards the last of this week, but as the Oats came to one firm it will hardly affect prices any. We quote market firm at 2 60@2 65 @ cental, sacked.

BARLEY—The bark *Almatia*, now due from San Francisco, has on 633 sacks. The brewers obtained from Walla Walla, previous to closing of navigation, all they required to carry them over into next year.

POTATOES—The bark *Yorke Mohr*, 37 days brought up from San Francisco several hundred sacks; the bark *Rival*, now in the river, has on several hundred sacks; and the bark *Almatia*, now due from San Francisco, 1,000 centals, will put on this market. It is generally supposed that not positively known that large amounts have been frozen in the country by the late cold weather. We quote jobbing prices at: California at $1 50@1 75 @ 100 lbs; Oregon and Puget Sound, $1 75@2 00.

ONIONS—Receipts not equal to demand and in consequence prices are marked up to $2 50 @ 100 lbs.

HAY—Receipts have fallen off, but the majority of baled hay prepared for shipment is in possession of a few, and consequently prices have not been advanced although the market is firm for timothy, baled, at $30 per ton; other qualities at $18@20.

APPLES—Receipts of fresh liberal. Quotable at 87½@$1 00 @ box.

FEED—Quotable in lots for Bran $27 per ton; chop at $25 per ton; middlings, $45 per ton, with a very firm market.

CORN MEAL—Mclean's $2 25.

OIL MEAL CAKE—Jobbing at $47 50 per ton.

HOUSE—Receipts during the week have been fair of ordinary quality, but strictly choice receipts are light with market bare. We quote jobbing prices of strictly choice in rolls at 50 cts @ lb; good, in rolls, 35@37½ cts; brine, 30@35c; sold, 25@30c @ lb.

PROVISIONS—We quote the market in jobbing lots for Hams, 14½@15c; Hams, 13@13c; Shoulders, 17@17; Lard, in tins, 14@15c; in kegs, 12@14. Johnson's new, 16c. Keller's new, 16c. Pork, in bbls, $22. Beef, in bbls, $15.

FRESH MEATS—Quotable at the following prices: Beef, 7@8 cts; pork, on foot, 4@5 cts; dressed, 7@8 cts; mutton, 8 @ 9 @ pound.

DRIED FRUITS—Market well supplied with receipts free. We quote market in jobbing lots for Dried Apples, loose, 6@6½c @ lb; in bags, 6@7½c. Dried Plums, pitless, 10@11c @ lb.

WOOL—None in market. Fine would command 28@30 c. @ lb. For large fleeces and fineness from dirt.

SEEDS—We quote market for Timothy, 12½@15c @ lb; Clover, red, 25@27c @ lb, white, 30@32 @ lb; Orchard, Grass, 37@50c @ lb; Blue Grass, 60@75c @ lb.

BRANS—We quote market in jobbing lots: Bags, 4½c @ lb; Butter, 4½c @ lb; Pea, 4½c @ lb; Small White, 4c @ lb; Flaky, 4c @ lb.

POULTRY—Receipts are in excess of the demand, and in consequence dealers have it all their own way, as are now paying for Grown Hens and Roosters, $3 @ doz.; Turkeys, $12 @ doz.; Geese, $3@3 50 @ doz.; Ducks, $3@3 @ dozen.

EGGS—Receipts for the past week have been light, not equal to the demand for local consumption, and in consequence prices have been maintained at 60@65c @ doz.

GAME—Dealers are buying at the following prices: Venison, 7@8c @ lb; Ducks, $1 50@2 50 @ doz.; Geese, $1@3 @ doz.; Quails, live, $1 50@2 @ doz.; Quails, dead, $1@1 50 @ doz.; Pheasants, $3.50@3 @ doz.; Grouse, $3 @ doz.

Merchandise Market.

AGRICULTURAL IMPLEMENTS—Gay's plow, Paul patent, $30; Bulky, $35; Excelsior, $50; Hawkeye Grain Drill, 9-hoe, $120; 10-hoe, $122. Plows, Collin's cast cast steel, $30; Mellen cast steel, $15; Mellen Breaker, $45; Mellen Chipper, $16 50; Parris Chipper, $17 50; Boston Clipper, $14 50; Cider Mills—Junior Buckeye, $35 00; Hetchin's $27 50; Hickey, $50. Grant's Fanning Mills, $40@$45. Mitchell and Salt Wagons, complete, $105@$135.

ALCOHOL—Quotable in bbls $2 05@2 10 @ gal. in cases, $2 20 @2 25.

BAGS AND BAGGING—Quotable for standard size, 14@16c as per quality and gravity.

BOOTS AND SHOES—Trade very active, with market firm at the recent advance.

BUILDING MATERIAL—Local demand very active at prices ranging, for rough lumber, $15@18; dressed, $23 @30; flooring, $24@28; lath, $3 per M; shingles, $2 50; Eastern hardwood, 17@20c per foot.

BROOMS—Quotable at $3@6 50.

CANNED GOODS—Oysters $2 70@3; Jams and Jellies, $4 75@5; Los Angeles Honey, $4 50; Strawberries, $4; Raspberries, $4; Blackberries, $4; Pine Apple, $3 50; Green Gages, $3.75@4; Peaches, $2 25@4 50; Pie Fruit, $3@3 50; Green Peas, $2 25; Green Beans, $3 25; Tomatoes, $3 50@3 75; Clams, $4; Green Corn, $2 75@3; Tomatoes, $2 50@2 75.

CANDLES—We quote market firm at 18@20c, full weight; light weight 13@15c.

COFFEE—Market well sustained at the following jobbing prices: Costa Rica and Guatemala, 22@25c; Rio and Prime, 21@22c; Java, 25@26c. J. F. Jones & Co.'s Ground Java, 27½@30c; Chartres, 25@27c; Phœnix Premium, 20@22c.

CROCKERY—The New York *Shipping List* says:—Owing to advance in materials, wages &c., manufacturers have given notice of a reduction of 5 per cent. in discounts for Spring orders, which it is said will be rigidly adhered to. This, with the last advance, which took place on the 1st of May last, will make goods for Spring cost much higher than they have been the Fall.

CRANBERRIES—Eastern jobbing at $20 @ bbl of 30 gallons each.

DRY GOODS—Standard drills, 15@16c; second, 13c; Sheetings, light, 13c; medium, 12c; standard, 13½@ 14½c; house linings, 9@10c; bleached sheeting, ¾, 9@10c; ⅞, 10@12c; 4-4, 12@22c. The applicant filing in this office a claim in the form prescribed, to-wit:

Pre-emption, ——— date, No. ———

Sir: You are hereby notified that I have settled upon and improved (description of land) in the county of ——— State of Oregon, containing ——— and claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are placed for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market; provided such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement, and shall accept the privilege with the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, No. ———

This is to certify that ——— of ——— county, State of Oregon, has this day filed in this office a pre-emption claim (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26th, A. D. 1871.

When the price of the above-described land is fixed, notice thereof will be sent to the party to whom the Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed) ———
